## Activities

**Please refrain from visiting if you have any symptoms of Noro virus, Flu, or COVID-19**

Although November has been fairly cold we have found warmth in some fun and entertaining activities.

At the beginning of November we were visited by the Pett Slip Buoy - an evening of Sea Shanty's enjoyed by all.

We celebrated Guy Fawkes night with a small display of fireworks, sparklers and hot chocolate! It was wonderful to have all of our residents outside to watch with family and friends.

Some residents have enjoyed being creative and getting ready for Christmas with some festive creations.

We have also visited Hastings Shopping centre this month which residents really enjoyed.

## Meet the team!

This month we are meeting Deb who has 27 years experience as a carer.

During her spare time Deb enjoys crafting, gardening and refurbishing her little house in the South West of France

Bonjour Deb!

Jill and Marie celebrated their birthdays with us this month! We wish them both many happy returns 😊
